Remarks

**What an opportunity to own and develop 34 acres on the Lehigh River. This incredible parcel adjoins the recently approved National Register of Historic Places – the Whitehall Township area of the Thomas Iron Company and adjacent to the Lehigh National Historical Corridor. Total acreage is almost 50 acres but the 34 acre parcel's concept name is the Thomas Pointe River Property - land waiting for creative visionary development. And adjacent to the Rail Trail too!! Water, Sewer and Gas available nearby. Call for full details.**
